E12 INTELLECTUAL PROPERTY RIGHTS

The Organizers, **TARSUS**, have a procedure in place at fairs and exhibitions organized by the Organizers in People's Republic of China ("PRC") ("Exhibitions") to address complaints that products on display at the Exhibitions infringe on someone else's intellectual property rights. The procedure is aimed at assisting individual exhibitors to protect their intellectual property rights and to respect the intellectual property rights of others.

The rules and regulations set out in this brief are supplementary regulations in addition to the Terms & Conditions of the Standard Rules & Regulations and form part of the Exhibition Contract signed by exhibitors with the Organizers.

Outline Procedure

1. If you would like to make a complaint involving an alleged infringement of your intellectual property rights, your complaint should be referred to the Exhibition Operations Office.

 - a) Trademark
Original or certified copy of a valid Certificate of Registration of Trademark that is enforceable in a PRC Court, including any renewal certificates or proof of renewal.
 - b) Registered Design
Original or certified copy of a valid Certificate of Registration of Design that is enforceable in a PRC Court, including any renewal certificates or proof of renewal.

In addition, the Complainant must submit a completed "Complaint Form" setting out the details of the complaint including: the Exhibitor's name, stand number, date, complainant's name, a brief description of the nature of the complaint and a description of the product(s), photograph(s) or product catalogue of the product(s) the subject of the complaint.

4. If the Organizers are satisfied, on the basis of the documents provided, that the Complainant's intellectual property rights are valid and the Exhibitor has a case to answer, the Organizers will notify the Exhibitor involved of the claim and require the Exhibitor to remove the product or any material in question immediately from their stand and for the remainder of the Exhibitions unless the Exhibitor can provide evidence to the satisfaction of the Organizers that he/she has the right to display the product or material in question. It should be noted that such procedure is purely an administrative procedure undertaken by the Organizers to assist the Complainant and the Exhibitor to resolve their dispute during the Exhibitions. It is not to be construed as any indication that the Exhibitor has infringed the intellectual property rights of the Complainant. The Complainant and the Exhibitor must seek independent legal advice and an appropriate order from the PRC Court if such an indication is required.

5. If a Complainant produces an Order from the PRC Court in respect of the product or material in dispute, the Organizers will require the Exhibitor to remove the product or material in question immediately from their stand and for the remainder of the Exhibitions, unless the Exhibitor can provide evidence to the satisfaction of the Organizers that the goods in question do not fall within the terms of the Order or that he/she has the right to display the product or material in question, notwithstanding the terms of the Order.

6. If the Exhibitor refuses to cooperate with the Organizers in completing the procedures outlined in paragraphs 4 and 5 above, the Organizers shall have the power, at its sole and absolute discretion, to immediately terminate the Exhibitor's right of participation in the Exhibitions in question without any refund of the participation fee already paid by the Exhibitor and to ban the Exhibitor or any parent, associate, affiliated and/or subsidiary company from any and/or all future Exhibitions of the Organizers.

7. It is expressly understood and agreed by all Complainants and Exhibitors that the Organizers, their servants and agents are not in any way liable for any intellectual property infringement during Exhibitions. While the Organizers will take reasonable steps to require Exhibitors to respect the Complainant's intellectual property rights, the Organizers cannot take a view as to whether an

infringement has occurred. Complainants and Exhibitors must seek their own independent legal advice and an appropriate order from the PRC Court if their dispute cannot be resolved under the Organizer's complaint procedures.

8. Complainants agree and irrevocably undertake to indemnify the Organizers on demand against any or all claims, liabilities, losses, damages, costs (including legal fees) and expenses of any nature whatsoever incurred or suffered because of or howsoever arising out of the complaints filed by Complainants.

Please contact us in advance / before shipping if any permanent importation of exhibits is required. We shall check and advice on each individual case.

如果展品在展会结束后必须留于中国，中国的买家（持有效的进口文件）必须作为通关中的实际收货人。展商必须告知 APT 有关实际买家的相关信息以及税项的付款人。

请预先在发货前与我们联系，我们会查询后按个别案例提供方案。

COURIER SERVICE 快递服务

We do not recommend to send it via courier service (DHL, FedEx, UPS) as the cargo might be detained by customs, unless the shipment is very small (**under 20kgs total weight**) and low value (**under USD100 total value**). Otherwise air freight is a better choice.

Once courier detained, please note the **detained shipment can't be imported as exhibition goods** because the list of exhibits of detained goods were not submitted in advance to the customs system at least one month before show. Please contact with us before sent out shipment by courier.

If exhibitor insist to send by courier service (there is a risk that the cargo might be detained and can't be delivered in time which is beyond our control), please send it to our contact as follows:

Haidian District, Beijing, 100086, CN
Tel: 0086 10 6219 2131
Contact: Ms. Shelly Li

Please let us have air waybill copy once available. Please also note that even shipment is not detained by customs, handling charges from free arrival our office upto your booth will still be occurred **@ CNY1000.00 /shipment +duty/tax (as per outlay+10% handling fee)**. But if shipment is detained by customs, please note the shipment can't be cleared by temporary import under the exhibition.

There is courier fee of sending original shipping documents (like OBL, ATA) at **CNY400.00 /consignment**.

我们不建议使用快递服务（例如 DHL, Fedex, UPS），因货物有可能会被海关扣留，除非是非常小（总重低于 20 公斤）且价值极低（总价低于美元 100）的宣传资料等无商业价值的物品。空运是更好的选择。

如发生扣货，请注意无法通过展览品方式再进行进口清关，因为被扣物品的展品清单未提前至少一个月提交给海关系统做备案。请在发货之前与我们联系。

如展商还是执意使用快递服务，请自行承担货物被扣且无法准时送至展台的风险，货物可寄至以下地址：

PACKING OF EXHIBITS 展品包装

Exhibitors shall be responsible for the consequences of improper packing

A. Protection against Damage and Rain

As the exhibits are repeatedly loaded and unloaded during transportation, shocking/bumping will sometimes be inevitable. Moreover, exhibits will be placed outdoors many times, including open-air storage at the exhibition centre before and after the exhibition. Therefore, exhibitors must take necessary precautions against damage and rain, since we cannot assume any responsibility for the damage, especially when the return exhibits are to be packed with used-

packing materials (the case as well as aluminium foil, plastic covers, etc., very often would have been damaged already during unpacking).

B. The Case

The case must be strong enough to avoid damage during transportation as well as unpacking, and in particular, be suitable for repacking and for sale for return movement after the exhibition. Packing in cartons is not considered suitable for repeated handling, especially for valuable or delicate equipment.

参展商要对包装不妥善造成的后果承担责任。

A. 避免损坏和雨侵

由于展品在运输中反复被装卸，震动和撞击是不可避免的。此外，展品被多次置于室外，包括展览前后在展览中心露天的放置，所以展商必须提前注意抵制损坏和雨侵。我们不承担任何损毁责任，尤其是当回程展品可能被已经使用过的包装材料重新包装的时候（有铝箔、塑料等包装情况下，很多时候在取出过程中已被损坏）。

B. 包装箱

包装箱必须要坚实到足以避免在运输和开箱时候的损坏，尤其是于展后的回程重装和销售，特别对于贵重和精密设备来说，硬纸盒包装并不适用于重复运输。

MOVE-IN DAYS 进馆

Exhibits will be transferred to the exhibition venue during the move-in days. Representatives of APT Showfreight will be available to help the exhibitors with the move-in logistics including unpacking and storage of empties as applicable. However, a responsible representative of the exhibitor must be available on-site during the move-in period for supervision. In some circumstances, however, the customs at the ports or fair site may inspect the case without your presence.

一般展品会于进馆期间送到展场，我们会协助展商拆箱并将展品就位和暂存空箱于展览场地(如场地许可)。在布展期间，请参展商务必在现场指导操作。有些情况下，港口或者展场的海关会在展商不在时审查货品。

MOVE-OUT DAYS 出馆

Prior to the move-out days, exhibitors will be given a 'Return Shipping Instructions' to fill in based on the List of Exhibits given at time of entry of goods into China. Exhibitors are required to advise APT Showfreight if the goods will be re-exported, sold or disposed, as applicable.

During move-out days, representatives of APT Showfreight will be on-site to help exhibitors with return of empty cases, repacking, re-export, etc. as applicable. In order to ensure the closing of the exhibition can be operated smoothly, those exhibitors having heavy and oversized exhibits may be required to repack their exhibits on the next day. Our on-site operational staff will inform exhibitors the exact arrangements. Similarly, during exhibition closing, exhibitors must also supervise the dismantling and repacking of exhibits, especially for delicate or heavy equipment. When used-packing materials repack exhibits, the packing is regarded as no longer suitable to protect the equipment against damage/moisture compared with the original. Exhibitors shall therefor bear the responsibility for the consequences arising therefrom.

In the event of non-compliance of return instructions, all goods left at the exhibition venue shall be subject to disposal by the Chinese Customs and all charges relating to the disposal including duties and taxes if any, shall be borne by the exhibitor.

Exhibitors must pay special attention to the following Customs' regulations:

- Items other than those declared exhibits (e.g. personal effects, souvenir bought in China) are absolutely not allowed to be returned together with exhibits.
- Violations of these regulations will result in confiscation and heavy fines imposed by the Customs.
- **Battery, powder, liquid and gel are controlled items by airline. If exhibitors can't provide certificate for safe transport of chemical goods, please take out above items before re-pack.**
- As the airlines implement strict security rules and will ask for magnetism detection & protection for many sensitive items by air transportation including electric equipment, computer, speaker and etc., we will bill magnetism inspection fee if the detection and protection is incurred.

在展览闭幕前，我司会派发一份“回运指示”给各展商，展商需根据原有的展品清单向我司阐明展品的处理方式，如回运、消耗或散发等，以便我们在展览结束后安排展品的回运。

在展览会闭幕的当天，我们会将空包装箱送还各展台并协助展商包装。为了确保展会闭幕的顺利进行，持有超重或者超限展品的展商可能要在隔天完成展品的重装。我们的现场操作人员会通知展商确切的安排。展览会闭幕期间，参展商需现场督导我们进行展品的拆卸和重装，尤其是对大型或者精密设备。当用已使用过的材料重新包装展品时，很难确保设备不受损坏和潮气影响。参展商由此须自行承担责任。

如未收到展商回运指示，我们会将遗留于展场的展品交由海关处理，所有费用如销毁费及关税等由展商承担。

参展商需特别注意以下海关规则：

- 除了已申报的内容，其他货品如个人物品或在中国境内购买的纪念品，不能够随展品一同回运。
- 违反以上规则的货品将会被充公或从处重罚。
- 电池、粉末、液体和凝胶都属于航空公司管制物品，若展商无法提供适合空运的化工鉴定，请在撤馆重新包装物品时将以上电池等管制物品取出。
- 由于航空公司现在施行了更加严格的安检规定并针对航空运输中的很多安全敏感物品如电器、电脑、扬声器等要求磁性检验及消磁处理，如发生以上检验及处理我司将按实报实销向展商收取。

RE-EXPORT 回运

The re-export formality will require about 2 weeks prior to the re-export shipment out of China. If the exhibitor needs the goods to be re-exported urgently, please advise representatives of APT Showfreight on-site of your request as applicable.

货物回运前的复出口的海关手续至少需要 2 个星期的时间。如有任何急需回运的展品，请务必事先通知我司，并于展览会开幕前将所有指示和文件交给我司。

Form-2c STANDS CHECK LIST (FOR RAW SPACE ONLY)

Deadline: **21 March 2025**

"Better Stands" is a new concept of exhibition environmental protection passed by Informa Markets in recent years, which aim to move away from the use of disposable exhibition stands, improving a ease, quality, safety and sustainability of the exhibitor experience at our events. We would like our exhibitors/contractors to join us in moving towards the future of exhibiting.

Please review the construction materials of your stand and register in the form below.

One single stand can create around 4 tons of waste. They also take longer to build, are riskier to plan and can contain a lot of hidden costs. We believe that by moving away from the use of disposable exhibition stands we will improve the ease, quality, safety and sustainability of the exhibitor experience at our events. We would like our exhibitors/contractors to join us in moving towards the future of exhibiting.

Do you know what happens to your stand?

? What is a disposable / single-use stand?

Space only / raw space stands made to be used only once which are usually constructed from raw materials at the venue during build up. The stands are demolished and disposed of after the event and the **stand materials are not reused or recyclable.**

? What is a reuseable stand?

A reusable / non-disposable stand is constructed using materials designed to be used multiple times. There are almost endless variations of multiple use stands to suit every size and desired appearance.

? Benefits to building a non-disposable stand

- Faster, cleaner and safer build with a more reliable timeline – no stress!
- Reduced costs due to a lower waste bill and fewer labor hours
- Higher quality look and feel for your stand
- Demonstrates your company's commitment to sustainability with a lower environmental

impact

? What are the new regulations?

what we encourage you to do?	We do not encourage
All core structure elements, i.e. walls, floor platform, ceilings, furniture, and etc, should be constructed with reusable materials, e.g. frame & fabric, reusable panels etc.	The use of other raw materials to construct the core structure elements, i.e. walls, floors and ceilings, that are <u>not planned</u> to be reused or recycled after use.
